10/15/2016,

To Whom it May Concern,

I employed Mr. Kiloh Smith to build a website and establish a social presence for our company - Impact Remodeling. I found Mr. Smith to be a take-charge person who is able to present complex and technical ideas into easy-to-understand terms that communicated the benefits. After my first meeting with Mr. Smith, I learned all about the relationship between the company website, blog and social pages. I was presented with a clear plan and production schedule for me to approve. This left me free to focus my attention on what I do which is home remodeling.

I found Mr. Smith to be hardworking, diligent and pleasant. He is also approachable and fun to work with. Kiloh is a great person to work with, bringing expert knowledge and integrity. In each of my engagements with Mr. Smith, he was able to collaborate very effectively on the project from start to finish. The website that he build for us is so beautiful, and the functionality is so superb, that it puts Impact Remodeling head and shoulders above our competition in digital marketing.

Sincerely,

Waed Rabadi
